punch alert

County-Wide Initiative

The Punch Alert County-wide Initiative is an ideal program for any county looking to make significant strides in all safety related communications and incident management.

The program compromises **three** separate parties with varying roles and functions:

Organizations
Schools, Corporations, Non-Profits, Healthcare Providers, etc

Public Citizens
Individual users in the community

Official Responders
Law Enforcement and other Official Responder Groups

The program also allows you to implement **three** separate modules:

Emergencies
Panic button, responder chat, mass emergency notifications, etc.

Tips
311 program equivalent.

Announcements
Mass notifications for non-emergency situations.

Available on the App Store

ANDROID APP ON Google play

Here's how it all works seamlessly together creating one
Community of Safety!

Step 1: Organizations (Schools)

- Organizations set up geo-fences, responder teams, user groups, plans, categories, messaging, beacons, and more
- Organizational employees report emergencies and / or tips to responders who communicate and manage using mobile and web apps
- Organizations send out mass emergency alerts and announcements to employees, parents, students, and / or pubic community

Step 2: Public Citizens

- Public citizens can join local public networks made available by schools and other organizations
- Public citizens can report tips to the public community and interact with other citizens and Official Responders
- Public citizens can report emergencies or post tips to Schools and other Organizations **ONLY WHEN ON CAMPUS**
- Public citizens can receive emergency alerts or announcements from Organizations and Official Responders

Step 3: Official Responders

- Official responder dashboard setup jurisdiction and all settings, messaging, etc Official responders can oversee emergencies "released" to them by schools and other organizations inside their jurisdiction
- Official responders can report emergencies and send announcements to schools and other organizations (reverse 911)
- Official responders oversee and respond to Tips posted by Public Citizens inside jurisdiction
